

## New Brokerage Board Certification Form

On an annual basis, all Primary and Secondary Designated REALTORS®, are required to verify that the agents associated with their firm, are listed correctly with the REALTOR® association. Each agent associated with your firm, is required to belong to a REALTOR® Association, or your office can elect to pay a non-member assessment for each individual that chooses not to join. Your office roster should match the agent roster with the Department of Business Regulations and MLS.

As a new brokerage, please list the following agents (if applicable) who will be joining your firm. Indicate whether they are a new Board member or if they are transferring to your new office from another firm.
